SCHOOLS ARE CROWDED.

The schools of the city opened last Monday with a large attendance and still many families out on the farms to come in later. The public school is too crowded now and with more to come the board is arranging for an additional room. They have spoken to the management of this paper regarding the possibilities of securing the north store room in the new Times-Herald building when completed. This room can be in readiness by Nov. 1. An additional teacher has already been placed in the school to assist Miss Susie Smith, the two occupying the same room.

The high school opened with 43 and this attendance will be largely increased in a short time.

UNFAIR TREATMENT AT PRAIRIE.

The Times-Herald believes in being "a good sport" and taking defeat without a "holter", but

from reports of our local ball team Prairie City didn't treat us right in the tournament of last week. Our team was not given a fair deal, the umpire being decidedly partial and rank in his decisions and Prairie's team was made up largely of imported material according to reports.

The Times-Herald had expected some facts from the Canyon Eagle to bear out the statements of our home boys, but it had nothing to say other than that our team is made up of ball players and gentlemen. Burns treated the Prairie team on the square when it was here last season and it was hoped the games last week would result in their coming over here again, but it doesn't look good, therefore there will not likely be any games this season.

W. F. Hissner and wife left Thursday for Portland. Mr. Hissner goes to secure the necessary fixtures for his pool rooms and cigar business which he will open in his building now under repair. He will be absent some ten days. Mrs. Hissner expects to visit a few weeks before returning.

Few, if any, medicines, have met with the uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. The remarkable cures of colic and diarrhoea which it has effected in almost every neighborhood have given it a wide reputation. For sale by all dealers.

ALWAYS TWO SIDES TO A STORY

(Continued from page 1.)

ment to carry the mail between Austin and Prairie City, at the same rates per mile over the railroad between Baker and Austin, but the Postal Dept. says: "We cannot pay more than the maximum fixed by Congress". Such being the case we are under the necessity of carrying this mail at less than 50 percent of the proper figure or decline to carry it at all for the government.

Further if The Times-Herald will ascertain the amounts paid for carrying the mail over the several routes entering Burns, it will learn that some routes, as previously suggested, are being paid for at an extortionate rate; altogether out of reason for the amount and class of service rendered while others are much too low; and good service can not be given for the compensation received. For instance, compare

Vale-Burns route with Austin-Canyon City-Burns route, operated by the same contractor, Mr. Kellogg. The Vale-Burns route 133 miles pays \$10,000, while the Austin-Canyon City-Burns route 104 miles pays but \$4,350 per annum. The latter sum, by the way, being but a trifle over half the amount bid by Mr. Woldenberg for the same routes, and it will be admitted by all who knew him I believe, that Mr. Woldenberg knew what he was doing when he bid the higher figure.

Now, candidly, Mr. Editor, do you think that the Railway Company ought to carry that mail between Austin and Prairie City for less than 50 per cent of the sum it is entitled to on a prorated with the balance of the road, in order that Mr. Kellogg shall not lose money because he made a bad bargain by bidding too low on a mail carrying contract.

Yours truly,
JOSEPH BARTON.

LAKEVIEW COMING

A Lakeview dispatch to the Portland Journal says: The Eastern Oregon Development league meeting at Burns, October 2 and 3, will have a large delegation from Lakeview and Lake county. The work of the league has been neglected from this end in the past but the leading citizens are awakening to the needs of this

portion of the state and a concerted move will be made on their part to get in touch with development work. Lakeview will ask for the next meeting of the league. Dr. B. Daly, V. L. Snelling, M. B. Rice, W. Lair Thompson, F. Light, A. W. Orton, F. M. Miller, G. W. Rice, W. Roche Fick and many other leading spirits in development work will be in the party representing this part of the state.

The implicit confidence that many people have in Chamberlain's Colic, Cholera and Diarrhoea Remedy is founded on their experience in the use of that remedy and their knowledge of the many remarkable cures of colic, diarrhoea and dysentery that it has effected. For sale by all dealers.
